

STATE POSTS STATE FISCAL YEAR 2024 NFRA LETTERS TO MYERS AND STAUFFER PORTAL

The state posted the SFY 2024 NFRA (provider tax) letters to the Myers and Stauffer portal Wednesday, August 2. The purpose of the letter is to notify you what your provider tax amount will be for the current state fiscal year. As you recall, the provider tax your facility pays each year is adjusted at the beginning of each state fiscal year and is based on your average 4th calendar quarter occupancy (October through December 2022).

The new SFY 2024 NFRA will be reflected on the 8/11/23 cycle (818/23 check date) for the facilities that pay by offset. The new SFY 2024 NFRA was set up in July for the facilities that pay by check and those invoices went out earlier this week.
