

STATUS OF JANUARY 1, 2023, RATE LETTERS

The state continues to make progress toward finalizing the January 1, 2023 rate letters. The state reported to us last week that they have worked through the internal/ITSD approvals necessary for the two agencies (DHSS - which houses the MDS data and MO HealthNet who calculates and process the payment) to share the MDS data amongst themselves. The state estimates they will have the January 1, 2023, final rate letters posted to the Myers and Stauffer portal no later than August 21, 2023, if not before.
